No. DG/1(2)/2014

Dated the 28th March, 2014

Dear Colleagues,

Reference O.M.No.B-12017/3/2013-WL dated 24.03.2014.

I have got an inkling that the O.M. issued by Director(Admn.) has been, to some extent, misconstrued. You would appreciate that the Committee has been appointed on your advice which you gave in your meeting with me on 19.03.2014 in the presence of E-in-C, ADG(E)(D), ADG(A) etc. The Committee has been constituted keeping in view the enormity of problems that associations have been projecting & with the intention to provide you a higher platform than that of S.O. and below for prompt & effective redressal. The senior officers nominated for the purpose are in a better position to suggest solutions and take decisions too. All this we believe, is in the interests of the associations' problems and demands.

I hope this communication of mine would clarify any misgivings that you might have.

My best wishes to all of you with prayers for the welfare of all colleagues who work for the amelioration of service to the organization we love and work for.
