

Informal Meeting with E.in.C (TV)

ARTEE President, VP(TV), Addl.G.S. ,VP(NZ), JS(SEA/EA) NZ today (01-12-2014) met E.in.C. (TV), ADG-E (D) and discussed issues related to some of the irrational transfers in the recent transfer list, Implementation of Bio Metric System in LPTs/HPTs and current scenario of Terrestrial Transmission. E.in.C assured and instructed the concerned officers to look into the transfer related grievances.

On Bio Metric System in LPTs/HPTs, E.in.C informed that a proposal is being sent explaining the impracticability of this system and logical explanations of the complication of the Bio Metric System, as staff is doing duties through adjustments, due to extreme staff shortage LPTs/HPTs. Central Office is taking the issue with Extreme Care, but we want to make it clear that this issue can be taken up to a certain stage only.

ARTEE also discussed the recent developments about terrestrial transmission in the top level of the management and assured all cooperation to handle the situation.
