

UPDATE ON Generalization of ACP as per CAT Verdict PATNA

Organizational Efforts for Generalization.

As we have informed earlier, after the exclusive Meeting with ARTEE by the CEO Prasar Bharati on 22/4/2014 (Minutes available on website), by the efforts and persuasion of Central Office an extensive proposal is prepared and with the approval of DG(AIR) is sent to Prasar Bharati on 6th June 2014. As per our information the Financial Implications one time around is around 67 Crores and while Annual is around 13 Crores.

The Current status is that the proposal laying in Prasar Bharati for want of Other two Proposals and Minutes of Prasar Bharati Board Meeting dated 08/7/2014.

We shall try our best that from Prasar Bharati all proposals will be sent together to the Hon'ble Ministry of I&B. As informed earlier PB Board in its Meeting on 8th July 2014 has already approved all three core decisions taken by the CEO in the Meeting with ARTEE on 22/4/2014. These proposals are being prepared as per these decisions.

We are liasoning regularly in the Hon'ble Ministry of I&B also. Central Office once again reiterates that all issues are equally important for us and we are doing our best. A file containing some Individual Cases has been sent to DOPT and the Central Office is pursuing this file also.

We want to inform that all three core issues have equal importance for Central Office and the testimony is that Proposal of ACP PATNA could easily be forwarded to the Hon'ble Ministry of I&B for further Action, but Our efforts are that all three proposals sent together to the Ministry.
