

Update on ACP PATNA as on 21.11.14

Govt. files Review in Hon'ble High Court Patna

As told earlier, Govt. filed Review Petition in Hon'ble High Court Patna against the decision of ACP CAT Patna verdict upheld by Hon'ble Supreme Court. This Review Petition was dismissed on 22/10/2013 on withdrawal and Govt was allowed to file Review Petition in Contempt CCPA 22 which PATNA applicants filed when Govt. was not implementing the order. In this Contempt when personal appearance of erstwhile CEO was ordered, Deptt. Implemented the CAT PATNA Order. When Review Petition was dismissed Govt. was allowed to go in Review Petition in this Contempt.

As we have been highlighting the dangers of filing Individual Cases, Some individuals pursued in the Ministry to send the file of four cases to DOPT and DOPT advised MIB to file Review Petition of CCPA 22 in High Court Patna. As per our information MIB has sent instruction to DG(AIR) to execute the instruction. We have tried to convince Authorities but could not succeed as DG(AIR) is bound to follow instructions of Ministry. This Review Petition can adversely effect the cause.

After getting this information, President has contacted Sh. B.K.Roy, Sh. Sudhanshu and Sh. H.K.Mishra and conveyed all kinds of Support in handling the situation. We are also discussing the issue with legal experts in Delhi.

Central Office at pain that even after conveying ample times about the danger of filing Individual cases, Members are not ready to learn any lesson. Some people are spreading that 650+ people are going to get ACP PATNA which is totally wrong. Ministry has issued one letter and on the basis of this letter DG(AIR) has started the data compilation exercise through collecting data from Stations. Merely issuance of a letter can never be projected as grant of ACP. We must aware that there are negative forces all around in Management who are enemies of ACP PATNA. But we are not ready to lean from Past and some people are misusing ACP PATNA for their own Politics.

Once again we appeal with folded hands Pl. don't file Individual Cases because it may later spoil the cause.

Central Office reaffirm, its resolve to do everything for ACP PATNA.
