

ARTEE Submits its Resentment on FR 22 Recoveries

Recently O/o ADG(E), NZ has released an Order about Recovery of FR 22 benefit granted to employees on EA to SEA promotions on the basis of an order issued by Ministry in 1996, without knowing the later developments about settling the issue in favor of Employees up to the level of Apex Court. When we approached it was told to submit a representation. ARTEE has already submitted a representation in 2009. In continuation of this representation we submitted a fresh representation and pursuing the issue.
