

FR-22 Recovery Kept in Abeyance by the Efforts of ARTEE

On 23.07.2015 all of a sudden O/o ADG (E) NZ issued an order for withdrawing benefit of FR 22 to EA to SEA on promotion. When we contacted we were told that it is being done on the basis of a MIB order dated 07.09.1996. While going through 07.06.96 order, we found that the order says otherwise that the benefit may be given. Later the issue has reached finality in Sh.N.Rangaiah Case up to the level of Apex Court, supported by ARTEE.

We updated authorities about all the information and represented against it immediately as it had caused recoveries in Lakhs from all EAs, SEA and AEs benefited from Sh.Raj Shekharan Case.

On tactical and strong persuasion DG DD assured to examine the issue and till then to keep the current order under abeyance.
