

# Information about decisions taken in 17<sup>th</sup> National Convention about ACP PATNA

This is to caution everyone that don't confuse about some steps taken by Individuals on the issue of ACP PATNA. When things move in positive direction, such elements claim that everything is progressing due to Court Cases and particularly case filed by them. When some negative developments took place they put entire blame on ARTEE Central Leadership. Such elements are now trying to form a group parallel to the Central office of ARTEE. This is an Anti Association Activity. Such type of acts send a message of divided house to the Management and Management will try to take advantage of these Acts.

ARTEE Central Office is most sincere on all the issues including ACP PATNA. We discussed the issue in 17<sup>th</sup> National Convention, Allahabad on 20.11.15 and took important decisions. We wanted to publish all the Resolutions together, but since some opportunists are trying to spread confusion for fulfilling their political motives, we are publishing the decisions below:

[1]. House approved the decision of adopting the same procedure, which was adopted for granting the ACP to the applicants of OA 514/2004 (B.K.Roy and Ors.) and of OA 597/2012 (DEWA) by withdrawing the Scales granted through 25/02/1999 Order on Individual Basis for availing the benefit of ACP PATNA.

This will also help in solving the issue of Recovery due to 25/02/1999 scales.

[2]. House decided that no Individual Case will be filed by ARTEE Members as it has been advised by our Advocates that so many cases have also contributed in sabotaging ACP. We are waiting for the date of 14/12/2015 and after this option of filing the case with best of Legal Support will be taken.

[3]. Any effort of collecting money or any instigation to ARTEE Members by any Member for filing Individual Case shall be treated as Anti Association Activity and shall be dealt accordingly.

[4]. House also decided to authorize Central Executive to take any decision in exigency in the interest of the issue. If required Zonal VPs shall be consulted.

We want to make it ample clear that Central Office is utmost sincere towards the ACP PATNA and shall do whatever required. We Appeal our Members not to fall in trap of people who want to take ahead their political motives by simply sensitizing the sentiments of our Members.

We took decisions on other issues also and all of these shall be published soon.

**Central Office.**
