

An Appeal to All ARTEEians Who Love ARTEE

.... Appeal as per Decision of Central Executive....

This Appeal is addressed to all Members of ARTEE, who love this beloved Organization of ours. We are receiving calls from Members and it is a fact that a common unbiased member can watch the developments with extreme pain only.

We declared elections very well of time and as per schedule. Some members approached Court of law and the whole process delayed. It is not our fault.

Anyway, now the plaintiff of both the Cases Sh. Prokash Chakraborty and Sh. Ashwini Dagar have submitted their undertaking to withdraw the cases filed by them on 21.04.16 & 22.02.16 respectively. We have sought opinion of our Counsel since it is a legal matter. We will abide with the opinion and act accordingly. The advice of our Counsel is available on ARTEE website.

Even though, we always welcome positive and issue based discussions on social media but since last few days after watching the discussions, we are constrained to say that discussions on social media has crossed all limits of decency .

The existence and strength of our Association depends upon the Unity of the Association. All members are cautioned from any act which will hamper the Unity and Integrity of the Association and may give a chance to the Management to attack us.

Any Management whosoever will always be in search of such opportunity. They never like any strong employee Association. All dedicated ARTEEians are appealed in most sincere manner that don't involve any activity which may attribute to weaken ARTEE. Anyone who loves this Association will never do such thing. We also want to caution that any such activity will pave the way for disciplinary action since it tantamount to extreme Anti Association Activity.

One again we reiterate our commitment for democratic process and it will be started soon as per the direction of Hon'ble Court on 9th May 2016.

Comradely Yours
Umesh Chandra,
President, ARTEE
