to me

I, LR Gupta on behalf of our zonal body of North zone condemn the act of passing a Resolution passed by a few units to inform the Management about internal matters and disown present body. Such Resolution is against the bye laws and the act of Units may give Management a tool. Surprisingly they did not bother to consult the Zonal Vice Presidents of respective zones.

Pressurizing present body to declare election even when the issue is subjudice through stay imposed on the prayer of Plaintiffs by Hon'ble High Court is against the law and it can invite further legal action. It is also a matter of concern that Members of P&D and NBH unity tried to humiliate president lead by some ex leaders even when Central Executive has adopted a Resolution to conduct the election after the disposal of civil suites 111/2016 and 113/2016.

It is against the discipline and Unity of the Association. We condemn this also.

We express our full faith and support to present body and if unavoidable, suitable action should be taken against such people as per bye laws.

Regards,

**L R Gupta,
