

ARTEE's Top Concern – Recovery of MACP **due to 25.02.1999 Scales**

As we have been reiterating, MACP Recovery is our prime concern. In this matter, Sh. Umesh Chandra, President ARTEE and Sh. R. Srinivasan, President PSA had met CEO, Prasar Bharati on 12.04.2016. We briefed CEO about seriousness of the issue and growing resentment among 15000+ employees on unabated recoveries from retiring employees. Meanwhile there have been mischievous efforts to start Recovery/Re fixation from serving employees also.

Respected CEO gave full attention to the matter and immediately asked Sh. Shaillendra Kumar, ADG(A), DG AIR to meet us. We met Sh. Kumar and briefed him. He immediately grabbed the gist and said these scales are Normal Replacement Scales and not UPGRADED ones. He fully agreed with the advice of Department of Legal Affairs (DoLA) on the issue.

After this a High Level Meeting under the Chairmanship of CEO was held in Prasar Bharati on 5th May 2016. It was decided to issue a Speaking Order on the issue.

The order was delayed a bit due to overseas tour of CEO. Today Prasar Bharati issued the much awaited Order. Nevertheless this is another step towards success. Now DG (AIR), DG(DD), Prasar Bharati and Department of Legal Affairs (DoLA) agreed on our Stand.

We assure all that Recovery issue is our TOP PRIORITY. We convey our gratitude to respected CEO, Prasar Bharati for his initiative in issuance of this Speaking Order.
