

ARTEE backed the MA to seek permission for Criminal Conspiracy Case in ACP PATNA

Often people blame us for not doing anything in the issue of ACP Patna, Some people demanded that criminal conspiracy case should be filed against Respondents.

Among all cases for ACP Patna the OA 2591/2014 is the strongest case.

In this case six applicants filed an OA which was disposed in admission stage itself with the direction to consider the representation and grant the benefit if applicants are similarly situated or issue a reasoned speaking order. As usual Department issued a Speaking Order that they cannot be extended the benefit of ACP as they are not similarly situated. When the applicants challenged the speaking order they were asked to challenge it through a fresh OA.

Applicants filed OA 2591/2014 and it is allowed on merit in favor of applicants. But even in this case also department again issued a speaking order on 13.10.2015.

How many times a case will be decided and Department will wash its hands just by issuing one speaking Order?. In this case Department conveyed that applicants are similarly situated. So this is the strongest case in among all ACP cases. So it is clear case of double speak, filing false Affidavit & misguiding the Hon'ble CAT.

ARTEE has conveyed its full support and funding to take up this case since last 10 months and were trying to convince the applicants for filing the MA. But unfortunately the applicants were not ready.

Now we succeed in convincing the applicant and with his consent one MA is filed in CAT to seek permission to file a Case of Criminal Conspiracy. This is a procedure for filing Case of Criminal Conspiracy.

The file of OA has to come from Registry and then the MA will be listed.

In this case, we are going to challenge the speaking order in the Hon'ble High Court Delhi also. If we succeed in getting permission to file the Criminal Case it will bring the Management on back foot on the issue of Patna ACP.
