

On persuasion of ARTEE, two major decisions are under process

SEA to AE Promotions

As we are aware, SEA to AE promotions not done since last 7 years and 500+ vacancies are laying vacant. As we are aware, in July 2012, Department took decision to merger EA and SEA (however in 4200 Grade Pay). So as per the advice by the legal department of AIR, a decision is being taken that up to the date of Merger of EA with SEA, the SEA to AE Exam will be conducted as per Existing Rule and after this date all vacancies will be filled as per Amendment of the merged post EA and SEA. DG(AIR) is likely to take this decision. This will end the deadlock of last seven years.

AE to ADE Promotions

ARTEE has been pursuing this issue and DG(AIR) is in the process of releasing the eligibility list. Things are delayed due to stay imposed by Hon'ble High Court Mumbai in a case filed by an individual. Now things are moving and eligibility list may be released any time.

ARTEE is working on all issues
