

Withdrawal of ACP Patna from Original Applicants

ARTEE Central Office is concerned on withdrawal of ACP Patna from Original Applicants. We know that ACP is aspirations of all EA/SEA/AEs and if department succeed in withdrawing it from original applicants, the basis of ACP will be demolished.

on 06.06.2016, when DG(AIR) issued the order, we express our resentment at that time also. Today we discussed the recent order about withdrawal of ACP with Advocates and tried to explore various aspects including moving into Court like we did in 2015 through Interlocutory Application. But two Advocates clearly Advised that only Original Applicants can take action like obtaining stay, challenging the impugned order etc.

We tried to contact Sh. B. K. Roy but could not. ARTEE is ready to spent any Amount of money to save the cause.

We tried to explored any possibility of Agitation step also but every one expressed inability due to De Recognition.

Today, we spoke to Sh. Sudhanshu and Sh. H.K.Mishra one of the three main Applicants of ACP.

He informed me that they have filed Contempt in Hon'ble High Court Patna as well as CAT Patna. In both Notices have been issued to the Respondents to inform why contempt proceedings should not be initiated against them.

We requested him to hire the services of best Advocate without bothering about Money. We assure them all type of support from ARTEE. They conveyed that they will contact.

But once again we reiterate that, we are ready to spent any amount to save the cause using legal remedies and ARTEE is determined not to allow ACP Patna to be spoiled and ready to do everything to save it.
