

## **Workshop of Kerala State in Kozhikode on 07.02.2017**

The grand success of Calicut is overwhelming. It has made the writing of wall more clear. When Hari Lal, Zubair, Harikrishnan, Seshagiri and other dedicated ARTEEians muted the idea in AGRA CWC, I immediately gave a go ahead signal to them. I never thought the high level of commitment of these people at that time.

This was a Herculean task to organize such type of event in the Kerala. Members extended their cooperation in every aspect and participated with high enthusiasm.

I was pleasantly surprised to know in introductory session that Members from all parts of Kerala came. From TVM around 8 people came.

Five hour long delegate session was the most productive one. Members from all cadres from Helper to AE asked plenty of questions and were fully satisfied with the answers.

I consider myself fortunate that I have got such an opportunity. Truly it has established that for ARTEE - Members are always first.

It has made the writing of wall more clear that \*we have precious Shining Diamond in our hands and by our welfare oriented functioning we have to make it more valuable

Once again I convey my most sincere gratitude and a big salute to P.Venugopal, Ashok Kumar, Hari Lal, Zubair, Joseph Martin, Roby, Harikrishnan, Jayakrishnan, Seshagiri, Santosh, Abdul Salam, Ajithkumar, Robin and other ARTEEians who made this a possibility which was a distant dream sometimes back.

**\*Our work is our Answer\***  
**\*Long Live ARTEE\***
