

## **Appointment of Observer by Prasar Bharati and Declaration of Elections Regarding**

Some people who are habitual of spreading lies and creating issues out of nothing with sole intention of defaming ARTEE and its leadership are again active with an allegation that ARTEE is not declaring the elections while they themselves are responsible for delaying elections.

On 6/12/17 District Court Patiala House gave verdict to conduct elections under the observation of Observer Appointed by Prasar Bharati as per DOPT OM dated 28/07/1994 on completion of statutory compliances like Approval of byelaws and preparation of voter list etc.

Our byelaws were approved by Asstt. Registrar of societies on 25/02/2017.

Although Prasar Bharati had to appoint observer within three weeks which they not did, We wrote to Prasar Bharati on 01/03/17 for Appointment of Observer. After this we sent three reminders through e mail. Ultimately Prasar Bharati Appointed observer on 12/04/17.

Last week ARTEE President had meeting with ADG(A), Prasar Bharati and informed him in writing that Prasar Bharati will be solely responsible for any complication arising due to delay in election since Prasar Bharati has not Appointed Observer. We even informed them that if Observer is not appointed in one week, we will declare election. Now last hurdle in declaration elections is cleared and now Elections will be declared at the earliest.

But we must understand that if we had declared elections without observer it would have invited contempt and violation of Court verdict.

Members may please note that who filed court case against election?  
Who Obtained stay and asked for the observer ?

The same people are now creating noise. Members must understand the real intentions of miscreants. They accuse us for delay which is due to their own actions.

We have the clear view from the day one that elections should be declared as early as possible.
