Now taking Advantage of Curbing the Voice of Employees through De Recognition, Department is in fool mood of going ahead with Man Power Audit of AIR and DD as per SAM PITRODA Expert Committee Report. Hon'ble Minister (I&B) gave a Statement in Parliament on. This may have serious implications.

Negative thinkers and Anti Welfare People have enough reasons to celebrate that by products of their gallant efforts of De Recognition but we the Employees of AIR and DD will have to pay very heavy price of their Power Greediness.

As a responsible Organization ARTEE is determined to fight out any adversities and we will do everything to protect the interests of our members but we Appeal our Members to identify these elements and not to fall in their ill intended Agenda.

Prasar Bharati's manpower audit likely to be over in 2017-18.

An audit of public broadcaster Prasar Bharati's manpower is expected to be completed in the current fiscal, the Lok Sabha was informed today. In a written reply, Information and Broadcasting Minister Smriti Zubin Irani said there was an overall shortage of talent in the Prasar Bharati and many of the sanctioned posts were vacant. "Based on the recommendations of Sam Pitroda Committee report, Prasar Bharati is in the process of conducting manpower audit to look into the issue. This audit is expected to be completed during 2017-18," she said.

The Sam Pitroda Committee had given its report on Prasar Bharati in January 2014. It had recommended a comprehensive manpower audit to map Prasar Bharati's staff requirement while noting that it has a workforce which is much bigger in size as compared to public broadcasters in other countries. Prasar Bharati runs Doordarshan and All India Radio.
