

ARTEE's Concern about Contentious Issues about Eligibility List for AE to ADE Promotions

After the release of the eligibility list, Association has been receiving widespread resentment mainly on three counts.

[1]. Counting of Residency Service in the grade of AE from the date of acquisition of the BE degree.

[2]. Deletion of Names of AEs which were in the list earlier.

[3]. Extending the benefit of distance learning degree only to AEs approached Court of Law.

We have registered our concern on above mentioned objections/discrepancies noticed by members and submitted a representation on 19.01.17.

We will continue to pursue it with authorities. All members are appealed to co ordinate with us in this venture.
