

7th CPC for PB Employees

As informed earlier, after the issuance of DoExp order for grant of benefit of 7th CPC to employees of Autonomous Corporations, a proposal had to be prepared and had to be sent to MIB and then to DoEXP.

For this a proposal with financial implications with number of beneficiaries was required. O/o DG(DD) provided correct information but O/o DG(AIR) given wrong and contradictory information. They gave different information to MIB directly and different to Prasar Bharati. In one information they calculated Financial Implications as 17 Crores and in another they said it as 25 Crore. MIB now asked to provide correct information through Prasar Bharati.

After getting this update, President personally met and discussed the issue with Director (A-2) and he assured to send this information next week to Prasar Bharati.

It is pertinent to mention that Prasar Bharati Board has already approved grant of 7th CPC to Prasar Bharati Employees in its meeting dated 6th April 2017 and ARTEE pursued it.

Dear Prasar Bharati employees open your eyes and check who is working for you. Problems are not solved just by talking big. These are solved with effective and continuous persuasion.

We will continue to follow it till you get justice.
