

## **Resolution in the Open Session, Kolkata on 23.02.2017 about Helpers**

ARTEE work for all cadres relentlessly: Helper cadre is one of the most neglected cadre. They retire as helper even after serving 30 or 40 years which is a gross injustice and their expertise go grossly un- utilised. The present leadership has always tried to seek avenues for the betterment of this cadre. If these helpers are promoted as technicians it will also help the department. Therefore the house resolved to pursue ACP in Tech scale as well as **One Time Promotion for Helpers** after imparting training in NABM Delhi. The President was authorised to pursue the matter with authorities immediately.
