

## **Update on Progress of 7th CPC to PB Employees**

As we Informed earlier, on 24.08.17 after the news of approval of 80:20 ratio of funding by DoEXP, ARTEE President along with two Prasar Bharati EAs met Member(F), Prasar Bharati. Member (F) assured to implement it at the earliest but also informed the intention of Prasar Bharati to demand complete funding from MIB.

Most Important aspect is that Prasar Bharati has taken a decision to implement 7th CPC for these Employees w.e.f. 01.01.2016 and allowance from 01.07.17 exactly at par with Central Government Employees.

The present delay is due to confusion in exact number of beneficiaries and financial implications. This delay is merely statistical lapse.

Last week few EAs met Sh.C.K.Jain, DDG(F), Prasar Bharati in Individual capacity who reiterated the same stand conveyed by M(F) in the meeting with ARTEE. He instructed Director IT division for providing exact details of number of beneficiaries in each cadre.

The work in IT division going on war footing. Some Individuals are keenly working on to compile the data. As per Information and one estimate there are around 1000 EAs, 400+ Trexes, 300+ Pexes, 300+ Technicians and around 50 carpenters and khalasis (Total 2100+) who are recruited after 05.10.2007. (All are estimated figures , Actual figures may differ)

This is an excellent Individual efforts on the line set by ARTEE Meeting with M(F). The developments are in right direction and we anticipate that 7th CPC for our younger brothers and sisters will be implemented from the month October 2017 if no other major hurdle is there.

ARTEE has no intention of claiming the credit of this data compilation work and we are happy and Congratulate these courageous Prasar Bharati employees who came forward for their cause and we assure that ARTEE will be always with them in achieving all their genuine demands and rights.

**Long Live Spirit of Unity**
