

ARTEE Demands GP 5400 to those who have been granted GP 4800 through ACP/MACP

As you are aware, as per the recommendations of 6th CPC, a person who is holding the post carrying the grade pay of 4800 is entitled to get the GP of 5400 after serving after four years of regular service. We have come across a very favorable judgment upheld by Apex Court which clearly says that a person who served four years of service in GP 4800 through ACP is entitled for 5400 Grade Pay.

ARTEE has submitted a representation for this and we will sincerely take it up further.
