

## **ARTEE's Concern on Discrimination with Other Zones in EA/SEA Promotions**

ARTEE is receiving grievances from EAs of other zones about the delay in releasing the EA to SEA promotions after the release of EA/SEA promotion list of North Zones. The issue was discussed in the meeting in our meeting with ADG (HR) in Prasar Bharati on 23.09.19. In continuation of yesterday's meeting, today (24.09.19) ARTEE met ADG (A) DG AIR and conveyed our concern. We informed that EAs of all other four zones are deprived since despite your assurance instructions to issue promotions simultaneously in all zones are not issued. ADG inquired from DDG (A) about the action on release of instructions to all zones for maintaining similarity. He instructed DDG to have a detailed discussion with us on the issue. We submitted a letter also to him.

Immediately after this meeting, ARTEE met DDG in presence of DDA (E). The issue is discussed in detail and both officers agreed that there is merit in our demand.

DDG (A) instructed DDA (E) to issue instructions to zones for sending the list immediately for vigilance clearances and assured to streamline the process of these promotions further.

ARTEE is committed that EAs of all zones are not deprived unlike other Association who were opposing these promotions. Not only opposing they are now adopting contradictory stands regularly on the issue.
