

Dear Members,

As per clause 17(b) ,of Election bylaws of ARTEE, It was the duty of GS & Treasurer to provide voter list within 10 days of the declaration of election by the President.

We all know that they failed to submit the same till date. The voter list was provided by the President which forms the database of election. Enough time was given for correction and whatever data received was updated. We have seen that Members earlier did not pay any attention to Association's repeated calls are now posting in Social Media that their names are missing in the Voter list.

Now election process is going on smoothly and there is no scope any new entry but keeping in view of the persistent request of members, one last opportunity is being given till tomorrow evening for the correction of phone numbers only.

Therefore, if Phone no. is missing or there is any correction in phone Number, the request may please be sent to

[election2022.24@gmail.com](mailto:election2022.24@gmail.com)

along with voter list ID, wing, zone and station name till tomorrow 18:00 hrs.

However, e- voting will continue as usual except for few hours required for updating. It will not effect the stored database and only Voter list will be updated.

So send your corrections till 18:00 hrs 17/6/22.

Mukesh Richhariya  
Returning Officer
