

Message from R.O.

Election office has received requests from some contestants to extend the date of withdrawal of Nomination as they are trying to create consensus among them.

Considering the request the last date of withdrawal is extended upto 10/6/22 16:00 hrs.

Further schedule is likely to be modified accordingly which will be informed in due course.

It is also observed that few office bearers and contestants are raising the baseless questions in speculation on Election Process in Social Media and elsewhere. Such comments are totally based on assumptions and presumptions. It is viewed seriously.

Also Some people are trying to halt democratic process of election through lame excuses which is not in the favor of Organization.

Election office is trying it's best to conduct free and fair election under tough and adverse conditions of time constraints etc. All necessary arrangements are being made accordingly.
