

### **Generalizing Patna ACP**

To generalize ACP as per the verdict of CAT Patna in OA 514 of 2002 and Hon'ble HC Patna upheld by Hon'ble Supreme Court, HQ is making efforts of generalizing, through implementing the verdict of OA 757 filed by 11 Applicants. Implementation will subside all questions and apprehensions. As per latest information DG AIR has issued instructions to relevant offices for sending data of these Applicants on the instructions of Hon'ble Ministry of I & B. This OA was filed individually and without taking any finance from ARTEE.

All options are being considered and vigorous efforts are being made for generalizing. Meanwhile HQ has received information that some members are receiving mails which are having confused information. Some people who want to attach their name with Patna ACP are trying to sensitize the sentiments and the issue. Central Office advises all Members not to be taken away by such sentiments.

Mean while all Members who are the beneficiaries of the scale of 2000-3200, 2000-3275, 2000-3500 (IV CPC) are advised to submit the representation in the format available on website to their Head of the office, through proper channel. Decision of filing any litigation if required will be taken after consultation at various appropriate levels.

The grievances of ARTEE members can only be taken up from the platform of ARTEE. Members' Interests are top most priority for us and the Interests of Members are well protected in this august organization.
