

Central Office has conveyed ample times that Generalization of the benefit of PATNA ACP is one of our top priorities. Central Office bearers had visited PATNA on 28.10.2013 to discuss the intricacies of the issue. We are working on the advice of Advocates who are involved in fighting the case in various courts. We have also discussed the issue of complications may arrived In filing the case on Individual basis if any court gives adverse verdict. We also have to think that Mgmt. may try to delay it by linking the verdicts as they have done in past also in case of EA(5K) Gwalior case and even in Review Petition of Patna ACP Case. We have to keep patience. Pl. read following facts :

[1]. Patna ACP is not extended even to Applicants of the case as on today.

[2]. It is not generalized for all Members of the Association who filed it.

We are doing everything and we will do everything to generalize the benefit of Patna ACP., but members are advised to show some restrain, patience and faith on leadership.

Below is the details given for ARTEE's efforts for generalizing it.
