

The CIVIL REVIEW 141/2012 petition filed by Govt. Against the decision of Hon'ble High Court Patna about ACP upheld by Hon'ble Supreme Court was listed today in Hon.ble Patna High Court. It was dismissed by Hon'ble High Court on withdrawal by Govt. after failing in getting the delay condoned in filing Review Petition. How ever Govt. is allowed to file Petition against Contempt Petition CCPA no. 22/2011.

ARTEE has already extended its full support to the cause. We are in touch with Applicants and collecting all details. We are committed to make all around efforts to get it implemented for all. A team of ARTEE may visit Patna soon.

Once again we caution against filing court cases on Individual basis as we are facing the uphill task of bringing EA(5K) Gwalior Case on hearing. Beside spending huge amount of money it is delaying the cause also and causing frustration among the Members. It is because two Individuals filed the case and Govt. is delaying the cause by linking the two cases. Tomorrow it may happen in Patna ACP issue also. So many cases will complicate the issue. We have to keep in mind that Individuals have so many constraints like spending High Amount of money to hire the services of quality Advocates etc. Irony is when such individuals fails they put their hands up and ultimately ARTEE has to take the load of their wrong decision. We once again Appeal not to file cases in Individual Capacity.

Central Office will take a cautious decision on filing the case from Association on appropriate time.

We reiterate that If we are united we can achieve more. So be united, side line the negative forces who pretend to be in favor of Members but actually work against the interest of Members and organization to fulfill their ill motives. Keep them at bay for strengthening ARTEE.

Umesh Chandra,  
President, ARTEE
