

***Update on Progress of implementation of Tech vs LA issue.***

***As per information received, DG AIR today i.e. 18/09/13 sent its proposal for implementation of Court Verdict. Financial Implications are to be calculated. Work of calculating Financial Implications is almost done in O/o ADG(E) North Zone. All Zonal VPs are requested to make efforts that the financial implications from their zone are sent quickly. We are doing everything to get it implemented at the earliest.***
