

## **An Appeal on to ALL ARTEE Members who love this august platform**

I at the outset, I am talking you at a very crucial juncture. Being the largest and most powerful Association of our department anything which can cause harm to this august platform is equally harmful to the welfare cause of our employees. So we always suggest that any difference occur in organization should be solved within the organization first.

It is also pertinent to mention that we are the only organization having most comprehensive and detailed byelaws and if we find anything which needs to be improved always welcome. But we are bound to follow our byelaws. In past we have amended our byelaws many times.

As per clause 22 of our election byelaws there is a clear grievance redressal mechanism for complaints after election. It is surprising that some people crossing this provision has approached Prasar Bharati and henceforth giving the Management a tool to harm us and formed a three committee under the chairmanship of ADG(A).

On 09/09/2013 Central Executive had a Meeting urgently and discussed the issue. The minutes of the Meeting are available on our website.

Central Executive also decided to meet the challenge by all possible means.

Central Executive after detailed discussion established that these complaints are against the interests of the organization and decided to appeal these complainants to withdraw their complaints. It is a polite appeal from Central Executive and need of the hour.

ARTEE belongs to all 7000+ members including these 150 odd complainants. Everything will be done to protect this august organization.

**Umesh Chandra,  
President, ARTEE
