Subject: EA and SEA Merger issue

Respected Sir, 22.11.12

I have left one Presentation in ur office on the issue of Merger of EA n SEA. It contains all the details of this issue w.e.f . 01-01-78. I once again request you to look into the matter with sympathetic view as it will create many anomalies and injustice will be done with Employees. I also request you give me an opportunity to meet you on this and other very important burning issue of employees. In Prasar Bharati. Employees are being treated as untouchables and no officer is ready to meet us. Where else can we can. Employees have great hopes from you but the developments are hinting that Complete Management of PB has become insensitive where sympathetic view is adapted towards issue pertaining to higher officers while operational cadres which is the backbone are being deprived very badly.

Sir We are always with you for any betterment in Organization and for Employees.

Regards

Umesh Chandra Sharma,
