| 6. Shri Kulbhushan Bhatia, Gen. Secretary, ADTEA | Member |
| 7. Shri Sanjay Kumar, President, PSA | Member |
| 8. Shri Ved Narain Jha, President, Akhil Bhartiya
Akashvani Group 'D' Karmachari Sangh | Member |

The recommendations of the committee are as under:-

Information regarding Man Hours of Extra Duty of Operational Engineering Cadres for the last six months in respect of various stations from AIR & Doordarshan have been collected. From the information collected from different zones, station wise information (233 out of 334 AIR/DDN stations in West Zone) submitted by the West Zone was giving clear picture of approximate Man Hours of Extra Duty performed during the last six months. Taking in to account that some stations have not provided the details of Man Hours of the Staff eligible for OTA, Man Hours of Extra Duty for AIR & Doordarshan for all the five Zones have been calculated with West Zone as average for all the five Zones.

It is proposed that Extra Duty Allowance of Rupees Fifty per Hour may be given to Operational Staff performing Extra Duty Hour.

With the information mentioned above, the detailed calculation towards Anticipated Expenditure towards grant of Extra Duty Allowance in AIR & Doordarshan in respect of All Operational Engineering cadres from Helper to Assistant Engineer given in Annexure I. **Total anticipated Annual Expenditure for Operational Engineering Staff is 1002 lakhs.**

Hence the committee recommends that the proposal for making provision of Extra Duty Allowance for all Operational Engineering cadres from Helper to Assistant Engineer may be moved.

Contd.....2

This Committee also recommends that the provision of Extra Duty Allowance for Operational Staff of Programme (Transmission Executive, Programme Executive, etc.) and Administration cadres (including operational Group 'D' Staff) may be given.

SIV(A) Section may move a proposal accordingly for consideration by Prasar Bharati in respect of Operational Engineering Cadres from Helper to Assistant Engineer.

For financial implications about operational Programme(Transmission Executive, Programme Executive, etc.) & Administration (including Operational Group 'D' staff), the concerned DDA will collect the sample data and workout the financial implication within one month and then move a similar proposal to Prasar Bharati.

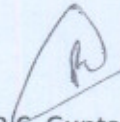

The grant of Extra Duty Allowance may be reviewed after revised scheme of OTA is implemented by Government of India on the recommendations of 6th Central Pay Commission.

The grant of Extra Duty Allowance may be made applicable to the Operational Staff under both the categories i.e. "eligible for OTA under present OTA rules" as well as "not eligible for OTA". In other words, the scheme of Extra Duty Allowance for present, shall be in replacement of OTA for Operational Staff.
