Subject: Deployment of officers during NFADE Agitation on March 17, 2010

Sir,

It is known that the members of our Association have been deployed to perform duty on 17th March 2010 in spite of Mass Casual leave submitted by them on the call of agitation by NFADE.

It is highly unfortunate and uncalled for as deploying the officers on duty who have already intimated about mass casual leave as a part of agitation. This way the democratic right of our members is being suppressed, causing mental harassment.

It is once again reiterated that none of our members are going to attend duty on 17th March 2010 unless any understanding is reached between NFADE and Government, therefore, deploying the above officers on duty is going to be a failure and the authorities who have taken this decision will be solely responsible for failure of the service.

Thanking you,

Yours faithfully,

(P.N. Bhakta)
General Secretary
