

Dear Comrades,

You all are aware that it has been ARTEE's prime concern to raise the issues which may be threat to our existence. In first meeting with CEO, Prasar Bharai itself ARTEE raised our concern about SAM PITRODA Committee and demanded that we should also be given an opportunity to deliberate our view points (pl. see report on the Meeting on our website).

We are pleased that our demand is accepted and a meeting with the committee is being organized in Prasar Bharati on 20/06/2013.
